

Rohan Raj Gautam

Lead Full-Stack Engineer — Web & Mobile

Kathmandu, Nepal | rohanrajgautam@gmail.com | github.com/rohanrajgautam |
linkedin.com/in/rohanrajgautam | rohanrajgautam.com.np

Professional Summary

Lead Full-Stack Engineer with 6+ years of experience delivering scalable web and mobile applications for startups and growth-stage companies. Currently leading development of a React Native fintech platform on iOS and Android, while architecting backends (NestJS, Django) and frontend (NextJS) web applications. Proven track record of building products from zero to launch, scaling systems to support thousands of users, and driving engineering excellence through architecture, mentoring, and end-to-end product ownership.

Skills

Languages: TypeScript, JavaScript, Python, SQL, Bash
Frameworks: React, React Native, Next.js, NestJS, Node.js, Django, Tailwind CSS
Data & APIs: PostgreSQL, MongoDB, DynamoDB, MySQL, GraphQL, Redis, Elasticsearch
Cloud & Tools: AWS (Lambda, API Gateway, EC2, S3, Amplify), Docker, CI/CD, Linux, Git
Practices: Mobile release (App Store / Play Store), Agile/Scrum, code review & mentoring

Experience

Tirios Corporation — *Lead Software Engineer* Austin, TX (Remote) | Sep 2023 – Present

- Launched the **Tirios Invest** app on iOS and Android, used by thousands of investors to buy, sell, and manage real-estate holdings, by architecting the React Native codebase from scratch
- Achieved 97%+ crash-free sessions and 40+ App Store / Play Store releases by owning the full mobile lifecycle: architecture, performance optimization, CI/CD pipelines, and store submissions
- Reduced transaction failures by ~30% by building serverless NestJS backends on AWS (Lambda, API Gateway, S3) and integrating payments, authentication, and analytics
- Scaled the platform from hundreds to thousands of users by shipping Next.js product features and conversion-optimized Webflow pages in partnership with product and growth

Webpoint Solutions, LLC — *Senior Full Stack Engineer* Kathmandu, Nepal | Mar 2021 – Dec 2023

- Delivered the **Ellen4All** multilingual translation platform supporting a global user base across 100+ languages by building an async content pipeline with Next.js, Django, Celery, Redis, and Elasticsearch
- Built a multilingual digital reading platform serving readers in 100+ languages by developing React frontends, Firebase integrations, and custom internationalization workflows
- Shipped UI features, smooth audio transitions, and NestJS backend integrations for the **Luminate** immersive-audio React Native app, sustaining 4.8-star store ratings
- Raised team delivery velocity by mentoring 10+ junior and mid-level engineers via structured code reviews and weekly knowledge-sharing sessions

Yotcha Services Pvt. Ltd. — *Associate Full Stack Engineer* Kathmandu, Nepal | May 2020 – Apr 2021

- Built **OnTourism Academy**, a real-time academic social platform with messaging, notifications, events, and PWA support by developing the full stack using React, TypeScript, and MongoDB, Firebase

Education

Kathmandu Institute of Science & Technology (KIST), Tribhuvan University Kathmandu, Nepal
Bachelor of Information Technology Management 2017 – 2021
First Place, The Grand IT Visual Quiz (2019)

Leadership

Rotaract Club of Metro City — *President* Lalitpur, Nepal | Jan 2021 – Present

- Managed club operations, fundraising activities, and external partnerships while coordinating 30+ members to deliver education and youth-empowerment programs
